

THERMSAVER'S AIR SOURCE HEAT PUMP RANGE

DeLonghi-Climaveneta

All of our DeLonghi-Climaveneta ASHPs offer a range (6Kw – 200kW) of heating options for your home or business. As you would expect from a leading manufacturer, the brand is synonymous with reliability and quality, as well as being cost effective and highly efficient. Here is a snapshot of some of the range:

Bran H (4.5kW – 14kW)

CHARACTERISTICS	BRAN H		
	0011M	0025M	0041M
Heating Capacity (kW)	6.5	8.7	13.8
COP	3.94	4.05	4.06
Effective input power according to EN 14511 (kW)	1.82	2.31	3.68
DHW control	Included		
Dimensions (mm) (kg)	Height 640 Width 900 Depth 370 Weight 105	Height 940 Width 900 Depth 370 Weight 130	Height 1240 Width 900 Depth 370 Weight 160

- Circulation pump included.
- Full domestic hot water control.
- Incorporates hot water system control.

HT 65° (14kW – 200kW)

CHARACTERISTICS	AW HT							
	0031MS	0041MS	0041T	0061T	0071T	0041TS	0061TS	0071TS
Nominal Heating Power (kW)	10.4	14.9	14.1	19.7	26.6	14.1	19.7	26.6
Heating Capacity (kW)	10.4	14.3	14.3	19.7	27.1	14.3	19.7	27.1
COP	4.10	4.12	4.14	4.12	4.26	4.14	4.12	4.26
Dimensions (mm) (kg)	Height 1240 Width 900 Depth 420 Weight 150	Height 1390 Width 900 Depth 420 Weight 160	Height 1390 Width 900 Depth 420 Weight 160 (0041T) 170 (0061T)	Height 1700 Width 1470 Depth 570 Weight 320	Height 1390 Width 900 Depth 420 Weight 160	Height 1390 Width 900 Depth 420 Weight 170	Height 1390 Width 900 Depth 420 Weight 170	Height 1700 Width 1470 Depth 570 Weight 320

- Circulation pump included.
- 65°C output temperature.
- Incorporates hot water system control.
- Ideal for retrofit, new build & direct boiler replacement.
